FROM THE MAYOR

Many of you may or may not have heard about the big push on April 1, 2020. It is time for the U.S. Census and April 1 is the first day for the first time you can take the census online. This will make things a lot easier for everyone in making sure we are counted. This becomes very important to our town, schools, and area in receiving funds needed to help meet our expenses. The census affects the distribution of more than \$675 billion in federal funds, grants, and support to states, counties, and communities are based on Census data. This money is spent on schools, hospitals, roads, public works, and other vital programs. Without your participation, then we lose money, and with the direction our state is going in regards to revenues, we will be dependent on these funds forever. **Please take the time to read these 10 things you should know about the 2020 Census and then make the commitment to make your voice heard. Thanks!**

10 things you should know about the 2020 Census*

1. Everyone who lives in the United States is required to complete the census every 10 years to determine population by state.
2. An accurate population count determines how many seats each state gets in the U.S. House of Representatives, and congressional and state legislative district boundaries are redrawn based on population shifts.
3. Census data determine how more than \$675 billion in federal dollars are distributed among states for critical state, regional and local programs, from transportation to school lunch programs.
4. Every person in a household should be counted, including babies and young children. Each person is counted once.
5. If you live in two states, you should count yourself in the state where you live at least six months and one day.
6. If you are a college student, you should count yourself in the state where you attend college since you reside there for at least six months and one day.
7. The 2020 Census can be completed online, and forms will be mobile phone accessible.
8. By law, personal information cannot be shared with immigration enforcement agencies, law enforcement agencies or to determine eligibility of government benefits. Answers can only be used to produce statistics.
9. Census data is used by businesses, local governments, real estate developers and residents to make important decisions that affect job creation, safety and overall quality of life.
10. The 2020 Census forms should be completed and submitted by April 1, 2020. Census officials will only knock on doors of people who have not completed their forms by then.

KIM RICE

Kim Rice passed away on February 17, 2020 at his home surrounded by friends and family. Kim was born in Sheridan, Wyoming on February 21, 1956 to Don and Betty Rice. He was one of three children that soon

moved to California where they lived for the next five years. In 1966 they made the move back to Wyoming and made the ranch in Clearmont their home. In 1980 he married the love of his life, Deedee Maxted, they spent the next 39 years side by side. In 1982 they welcomed their first child, Shane, followed by their daughter Nicole, in 1985. Kim loved adrenaline, adventure and living life to the fullest. He raced motorcycles, snow machines, stock cars, roped, fished, hunted, and skied. The highlight of his life was always the time spent with his grandchildren; Paisley, Tinley, Remi, Bryndle and Hazyen. Kim was preceded in death by his dad Don Rice. He is survived by his wife Deedee Rice of 39 years, mother Betty Rice, his brother Kelly Rice (Georgia), his sister Kyle Bell (Gib), his son Shane Rice, his daughter Nicole Cooper, and his five grandchildren. In lieu of flowers, memorial contributions may be made to First Northern Bank of Wyoming, 29 N. Gould St., Sheridan, WY 82801. Online condolences may be written at www.championfh.com.
